

PEACE REPORTS HASTEN DECLINE

STEEL REGISTERS EXTREME
LOSS OF OVER THREE
POINTS.

By Associated Press.
NEW YORK, July 13.—Extension of the short interest, a rise in call loans to 5 1/2 per cent, and the unfavorable sentiment created by further steady declines in liberty bonds accounted in varying degree for the depressed tone of today's market in Wall street.

Professional selling met with little resistance. Peace accelerated the decline, which was at its height in the last hour.

The bears concentrated their attacks upon United States steel and the numerous allied interests. Steel registered an extreme loss of 3 1/2 points at 112 1/2, its lowest quotation in many weeks, and gross declines of 2 to almost 7 points were made by Bethlehem, Carnegie, and Lackawanna steels, Republic iron and steel foundries.

Other elements of weakness were reported by Baldwin and American locomotives and coppers, in which recessions ran from 2 to 4 points.

Rails were steady most of the session.

Industrial alcohol surrendered its three point rise, but American sugar and U. S. Rubber were firm. Final prices were mostly at the day's minimum.

Total sales 380,000 shares.

These money retained its recent ease.

Offerings of liberty bonds at the wide range of 10 to 15, a new minimum, featured the irregular bond market.

Total sales, par value \$3,440,000. On call 1/8 coupon and registered 2 1/2 declined one per cent and the Panama 3 1/2 at par.

SHORT SELLING HEAVY IN PIT

TRADING IN WHEAT CEASES FOR
AT LEAST AN HOUR
IN CHICAGO.

By Associated Press.
CHICAGO, July 13.—Attention to possible peace moves turned the corn market downward today after prices had touched new high records. The close was nervous, 1/4 to 1/2 net lower with September \$1.12 1/2, to \$1.13 1/2, and December \$1.12 1/2, to \$1.13 1/2.

Wheat finished unsettled, 1 cent off to 2 cents up at \$2.97 for July and \$1.94 1/2 for September. Oats lost 1/2 to 3/4 and provisions 12 to 15.

Until peace gossip began to dominate a majority of traders, corn was in active demand. On the upturn September touched \$1.61, the highest quotation yet for that option, and in the sample market No. 2 white commanded \$1.45, another new top record. At this stage rumors were circulated which led to much discussion of the chances of an early peace.

General liquidation then set in, accompanied by aggressive short selling.

Absence of trading in wheat at the outset was so complete that no quotations whatever were posted for at least an hour. A circumstance said to be without precedent since the board of trade was first established.

Later a few transactions were witnessed and the market showed some firmness.

Only prohibited the action of corn but kept within narrow limits. Provisional lacked any aggressive support.

ECONOMIC PROBLEMS OF WAR
ARE BECOMING MORE
SHARPLY DEFINED

By Associated Press.
NEW YORK, July 13.—Dun's Review tomorrow will say:

The economic problems occasioned by the war are becoming more sharply defined, and doubts about the realization of the war's economic gains are becoming more pronounced.

With price, power, and materials, and with the effects in many quarters, and in some instances, rather more evidence of the seasonal fall than appeared last year. To a not inconsiderable extent the lessening of regular demands in certain leading branches is attributable to the distinction of inability of producers to engage themselves further, but buyers are also disposed to proceed with greater caution pending a clearer insight into the future and particularly by consumers in more conservative.

Yet there is no apparent loss of confidence and the absence of speculative tendencies in trade and industry is conspicuous a feature, while reason for encouragement is found in the improved grain prospects which indicate good yields. Weekly bank clearings \$3,329,935,765.

Frank Play Beats Sox.

CHICAGO, July 13.—An unusual play in the eighth gave New York victory over Chicago. After one man was out, Peckinpaugh singled and took second on a sacrifice. Phipps singled to center and Peckinpaugh started home. Phipps' throw to the plate was perfect and as Peckinpaugh slid, Schalk dropped upon him and also dropped the ball. While sitting on the New Yorker, Schalk recovered the ball and touched Peckinpaugh out. Peckinpaugh was trapped a foot from the base but Empire Evans ruled him safe, claiming that Schalk held him while he was recovering the ball.

BELL INSTRUCTS SICKLE TO TAKE OVER REFUGEES

(Continued from Page 1)

Under its guise men who are physically able have been refused work of their political affiliation and principles.

Wanted New Wage Rate.

Another demand was for a six dollar wage per day as a minimum, six dollars today not having any more purchasing power than three dollars and fifty cents had when miners received that sum and copper was selling at 15 and 16 cents a pound.

The strike on the part of the miners was most peaceful. In the neighborhood of 90 per cent of the underground workers went out. There was no physical violence. The police records show far fewer arrests during the time of the strike than during ordinary times.

Boothlegging Prohibited.

Boothlegging was prohibited by the activity of the miners' union. The miners were not armed and few, if any, had even small arms in their homes as is shown by the investigation made of their premises yesterday during the time they were being apprehended and searched.

About 5 o'clock on the morning of the twelfth a rounding-up of the men on strike began. The strikers were members of the I. W. W. and the International Union of Mine, Mill and Smelter Workers.

Men from Bisbee, Lowell, Warren and Douglas and the country adjacent thereto, to the number of 2,000 mostly armed with rifles and revolvers and some with clubs, assisted in the work of the roundup. Most of them were business men and clerks and some were men who refused to go out on a strike. They visited at the homes of the district wherever a striking miner was known to be and took him out.

Treated With Violence.
